

Goulburn Broken Soil Health & Dung Beetle Project, May 2007

## Dung Beetle Farm Walk

Australian Government  
Department of Agriculture,  
Fisheries and Forestry

# ‘Bison at Euroa’

*Winter-active dung beetles cultivating our soil.*

Stewart Cameron, of Euroa, first released winter-active dung beetles (*Bubas bison*) about six years ago. The activity witnessed during recent winter visits was fantastic. This year, also, we'll have soil-pits to show you how dung beetles cultivate your paddocks. Come along to see the beginning of the ‘Bison Season’ at Euroa- *they've already started digging.*

**Tuesday 22<sup>nd</sup> May, 2007.**

**10 am to 12.00 pm**

**Special guest: John Feehan, of Soilcam, Canberra.**

**BBQ lunch courtesy-  
Marcus O'Dwyer, Fort Dodge, makers of Cydectin.**

**Meet at “Tinten”, Euroa-Merton Rd, Euroa.**

### Directions

If traveling from Euroa, it's about 10 km out of Euroa (go past the Longwood-Mansfield Rd). The property is on the right hand side.

If traveling from Merton, property is on left hand side of the road, 6 km past Galls Gap Rd.,
