

Clifton Creek Primary School is a SUNSMART SCHOOL

Our SUNSMART policy means that

All children need to wear shady broad brimmed hats in Terms One and Four for outdoor play and activities.

- *Children are unable to play outdoors in Terms One and Four UNLESS they have their own shady broad brimmed hat to wear.*
- *Children should also wear clothing which provides protection for shoulders and back. Strappy tops or singlets are not recommended.*
- *During Terms Two and Three some sun exposure is recommended for vitamin D maintenance and therefore sun protection is not required unless the UV rating is high (greater than 3).*
- *Sunscreen is available in each class for children to use. Parents should discuss any special sun-care requirements with the classroom teacher.*

PLEASE pop a spare hat in the school bag for those times when there is confusion as to whether the sun hat is at HOME or at SCHOOL. (Make sure the hat is clearly labelled.)
