Albert Street, Brunswick
6-7 pm
Sunday 18 December**

Enquiries: Chris Hooper 9380 8582

PLEASE WRITE YOUR OWN SUBMISSION TO HERITAGE VICTORIA NOW
AND SEND IT STRAIGHT AWAY

➤ YOUR SUBMISSION COULD COVER SOME OR ALL OF THE FOLLOWING (IN YOUR OWN WORDS!)

- The Hoffman Brickworks is an important part of Brunswick's history that should be conserved for future generations.
- The developers have been allowed to rezone and redevelop the site in accordance with an approved plan agreed by the local community and the Council — now its time that they fulfilled their obligations to complete the conservation and interpretation works on the historic core before any more development for housing is even considered.
- The gatehouse is part of the historic core. It is significant and should not be demolished.
- There is enough residential development on the site already.
- The buildings and spaces in the historic core should be primarily used to tell the Hoffman's story - the brickworks, the pottery, the lives of workers, the processes. Any uses in these buildings should be designed around telling the story of the site and keeping significant fabric. Public access throughout the historic core is essential so that our community and visitors can appreciate the importance of this site.
